

New graph type

ME 447/547 Visualizing Data

Richard Layton

January 2019

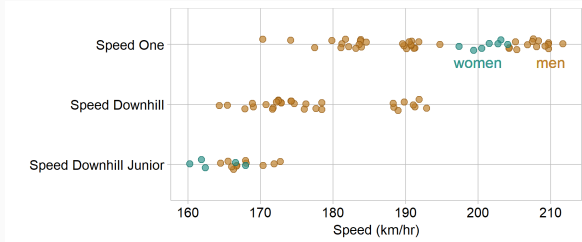

Rose-Hulman Institute of Technology

We will graph univariate data with a **strip plot** or **box plot**

Prerequisites

Data and graph characteristics

New R functions

Checklist by Damon Duncan licensed under [CC BY-NC-ND 2.0](#).

Function by Vestman licensed under [CC BY 2.0](#)

Cover the prereq's from the cm tutorial

Cover the structure of the data and what that means for graph design

Introduce new functions that come up in the tutorial

Start the tutorial as a group, then individual work
